

Digital Surveillance

Do you know what happens at your office after hours? Is your parking lot safe? Do you have problems with vandalism? Worried about employee theft? Are you tired of dealing with a VHS Tape-based surveillance system? Upgrade to a Digital Surveillance System for your home or business and set your mind at ease.

Features:

- 4, 8, or 16 Camera Systems
- Never use a VHS tape again! All video is recorded onto a hard drive.
- Instant access to archived video files
- View cameras from remote locations, on your LAN, or from home
- Motion Detection
- Pan, Tilt, and Zoom from the easy to use interface
- Time Scheduled recording
- Eliminate false insurance claims from fraudulent slips & falls
- Professionally installed by trained network technicians
